OIL COOLER GUIDE

FOR CHRYSLER RE0F10A CVT APPLICATION ONLY (CODE: 1XH__)

This transmission comes with an **external 4-pipe cooler** (Bottom left). However, some of the vehicles are configured with a **cooler bypass plate** (Bottom right).

If your vehicle is configured with the cooler bypass plate, please remove the bypass plate from the original transmission using a 10-mm socket and use it to replace the external cooler, thank you.
